ROSES

We recommend planting dormant roses in the Fall and very early Spring. Experience has shown that results with dormant plants are very uncertain after April 1st, and for that reason we offer potted roses only in our Spring list. Prices on this type of material are naturally higher but results are so superior, there is no question of value because the element of loss and complaint is practically eliminated.

RECENT INTRODUCTIONS

(Please Note—The asexual reproduction of patented plants is reserved and strictly prohibited under the provisions of the Plant Patent Act.)

THE NEW DAWN—Plant Patent No. 1

The first truly hardy everblooming Climbing Rose and the first plant ever to be granted a patent. Blooms as freely as a Hybrid Tea and a well-cared-for bush will produce many hundreds of blooms during the Summer and Fall. The dark green glossy foliage is ornamental at all times, and practically immune to insects and disease. The large finely formed blush pink blooms are excellent as a cut flower because of their long stems and exquisite fragrance. The severe winter of 1934 proved it to be among the hardiest of all climbing roses.

The American Rose Society at their Annual Convention in Rochester, August, 1935, awarded The New Dawn the *Bloomfield Medal* presented by the late Capt. George C. Thomas, Jr., for the *best new climbing rose*. This is the first time the medal has been awarded.

BLAZE—Plant Patent No. 10

Retail: \$1.25 each, \$12.50 per dozen

Combines the vigor, beauty and hardiness of Paul's Scarlet Climber with the everblooming qualities of a favorite Hybrid Tea Rose. Clusters of good-sized double bright scarlet flowers are produced all Summer, after the plant becomes well established.

Wholesale: Dormant, 1 to 10, \$0.75 each; 20 or more, \$0.60 each
Potted 1 to 10, \$0.90 each; 20 or more, \$0.75 each

DOUBLOONS

(Patent Applied For)

Retail: \$1.50 each, \$15.00 per dozen

A vigorous climber with handsome glossy foliage. Extremely hardy and covered with clusters of large, fragrant golden blooms. Gives two crops, six weeks apart, if first blooms are not cut.

Wholesale: Potted or Dormant \$1.20 each, \$12.00 per dozen

GOLDEN DREAM

An "everblooming" yellow climber. Splendid blooms of deep yellow. Rather slow in starting to climb, and, although a rugosa hybrid, we have found that it requires protection. An introduction worthy of trial. \$1.00 each, \$10.00 per dozen, \$75.00 per 100.

GOLDEN CLIMBER—Plant Patent No. 28

Retail: \$1.50 each, \$15.00 per dozen

A vigorous, very hardy climbing rose, with long pointed golden yellow flowers produced on long stems over a long period in early Summer. A really hardy yellow climber.

Wholesale: Dormant 1 to 10, \$1.00 each; 20 or more, \$0.75 each

Potted 1 to 10, \$1.15 each; 20 or more, \$0.90 per 100

PRINCESS VAN ORANGE—Plant Patent No. 106

Retail: \$1.25 each, \$12.50 per dozen

Sensational climbing sport of Gloria Mundi. Vigorous growth with rich green foliage. Produces freely, all Summer, numerous large clusters of glowing orange red.

Wholesale: Dormant 1 to 10, \$0.75 each; 20 or more, \$0.60 each
Potted 1 to 10, \$0.90 each; 20 or more, \$0.75 each

HARDY PERENNIALS AND ROCK PLANTS

Interest in hardy perennials is constantly increasing. Garden magazines and Garden Clubs are spreading the knowledge of the choicer items. The reasonable price at which most plants are sold is also a big factor in creating a demand that means profit to you.

Many items are valuable cut flowers and they usually bloom at a time when greenhouse material is scarce. A planting of cut flower items will repay many times its original cost, with the natural increase available for resale.

THE NEW RUST PROOF SNAPDRAGONS

Ever since the introduction of the Rust Proof Snapdragon, seedsmen have been waiting for separate colors and classes. Tremendous strides have been made and it is predicted that with the introduction of these new rust proof strains, the Snapdragon will be one of the most popular flowers in America. Many will no doubt be useful in the greenhouse and all of them will make good outdoor cut flowers. An ounce contains approximately 150,000 seeds.

PANSY

GARDEN STATE GIANTS

Almost a lifetime of enthusiastic work is represented in this strain. Over many years, in the heart of New Jersey, the originator has been working patiently to obtain a strain that would meet with his high standards. Immense flowers of great substance, a wide range of splendid colors, compact sturdy plants with dark, green foliage, early and continuous flowering and a remarkable resistance to Summer's heat make these "Pansies that sell when others go begging."

EARLY OR WINTER FLOWERING NOVELTIES

Shirley Temple (Waller-Franklin)

The introducers consider this the most beautiful they have ever originated. It is a cross between Pinkie and Lady Gay and it inherits the large rich pink blooms of Pinkie plus the dainty frilled and fluted flowers of Lady Gay. The soft color, extremely large flowers, mostly in fours on long stems, make this an outstanding sort. \$2.00 per oz., \$8.00 per ½ lb.

Eileen (MacDonald)

Rich begonia rose with salmon shadings. Large flowers on long strong stems and of course four or five flowers on the stems. \$0.75 per oz., \$2.25 per ¼ lb., \$8.00 per lb.

Josie.

This new variety is extremely large flowered and long stemmed. It closely resembles Majestic Rose in color. A brilliant rose pink, highly recommended. \$1.50 per oz., \$4.00 ¼ lb., \$15.00 per lb.

Select Mixture. Choice colors..... .25 1.25

Did you know—It has been definitely proven that high nitrogen content of the soil is conducive to greater percentage of doubling of the flowers of stocks. This may be accomplished by first enriching the soil, before planting, through the addition of a complete fertilizer (4-12-4) and later side dressing with ammonium sulphate every two weeks (1 pound to 100 sq. ft.) until buds begin to develop.

PERENNIAL FLOWER SEEDS

Growing many perennials we naturally can obtain seed of many items. The rigid selection which is followed to maintain the superior quality of our plants reacts to the benefit of the seed. Many items produce better seed elsewhere and of these we purchase seed from the world's best specialists. For detailed descriptions, see plant list.

Stokesia

Did you know—Many varieties of perennial seeds are slow and irregular in germination. Included with these are practically all primulas, trollius and phlox decussata. We have had fine results sowing in late fall and allowing to freeze over winter. Handled in this way, germination is even and rapid in Spring. Sow fine seeds in boxes and place under glass. Coarse seeds may be sown directly in open ground beds protected with salt hay or evergreen boughs.

LAWN GRASS SEEDS

Good seeds are cheap at any price and nowhere does this hold good as much as with grass seeds. The various mixtures we offer have been proven over a long period of years. Price differences are largely due to the various types and species used in compounding the mixtures and each will be found to be of highest germinating power and free of weed seeds.

SUPERFINE EVERGREEN MIXTURE:

This is indeed a superfine lawn mixture including mixed Bents and White Clover. The fine grasses included in this mixture germinate and develop slowly but produce a beautiful permanent lawn when conditions are favorable.

\$0.80 lb.; 5 lb., \$3.75; \$17.00 per 25 lb.; \$60.00 per 100 lb.; \$500.00 per 1000 lb.

SUPERIOR LAWN SEED MIXTURE:

The result of skillful blending of various fine leaved grass seeds, including White Clover, producing a lawn of excellent quality and beauty enduring all season.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$36.00; 1000 lb., \$350.00.

SPLENDOR LAWN:

A moderately priced mixture containing White Clover that is capable of producing a satisfactory sod in a short time.

Peck, \$1.50; Bu. (20 lb.), \$5.50; 100 lb., \$26.00; 1000 lb., \$245.00.

SEASHORE FORMULA:

Composed of grasses that will thrive under adverse conditions, such as sand low in fertility and moisture, and intense heat.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$36.50; 1000 lb., \$350.00.

SHADY LAWN:

Blended of species that have been proven by test to best survive shaded and adverse conditions. This mixture is capable of producing a fine close knit turf under trees, in areaways, etc., where little sunlight is able to get through.

Peck, \$2.50; Bu. (20 lb.), \$8.50; 100 lb., \$38.50; 1000 lb., \$375.00.

LANDSCAPE:

A thoroughly recleaned, weed free mixture, excellent for a quick sod.

Bu. (20 lb.), \$4.50; 100 lb., \$20.00; 1000 lb., \$190.00.

WHITE DUTCH CLOVER:

Finest recleaned. Used in many of the above mixtures. Forms a thick mat of dwarf evergreen foliage.

\$0.60 lb.; 10 lb., \$5.25; 25 lb., \$12.50; 100 lb., \$48.00.

All the above grass seeds are offered F.O.B. New Brunswick.

We shall be pleased to quote on field seeds such as Soy Beans, Buckwheat, Oats, Timothy, Pasture Grass, etc.

SATISFACTION

has been a Somerset creed ever since the inception of our business. Every item on the foregoing pages has been selected with care and every effort will be made to deliver satisfaction along with your order.

Remarks:

Advance information is sometimes helpful in planning your growing and selling program. We have endeavored to include in this list most of the noteworthy novelty offerings suitable to the season.

Better business seems to be the general opinion of everyone. You have probably noticed the upturn in your own business. Plant and flower buyers will be on the lookout for the better types of material. Give us an opportunity to serve you.

Through our contacts with many growers we learn of surpluses and shortages in various items. Please advise us if you are in need of some item in plants or have a surplus. We shall consider it a privilege to act as your broker.

SCOTCH HEATHER

We have a limited supply of extra heavy plants of the finer varieties of this comparatively rare item. They are excellent for the rock garden and while the demand is limited, interest is rapidly increasing. Write for list of varieties.

Collection 1 each of 10 choice sorts, \$3.00.

Collection 1 each of 20 choice sorts, 6.00.

HOT BED MATS

Extra heavy, hand made. Not to be compared with the cheap European or Japanese mats. Made of selected native reeds. Full 6 x 6 ft. with 5 ties of tarred string.

\$2.50 each; \$25.00 per dozen; 25 or more \$1.75 each.

F.O.B. shipping point in Connecticut.

TERMS

Prices in this list are only for those engaged in the nursery and florist trades. Please use business stationery for your own protection.

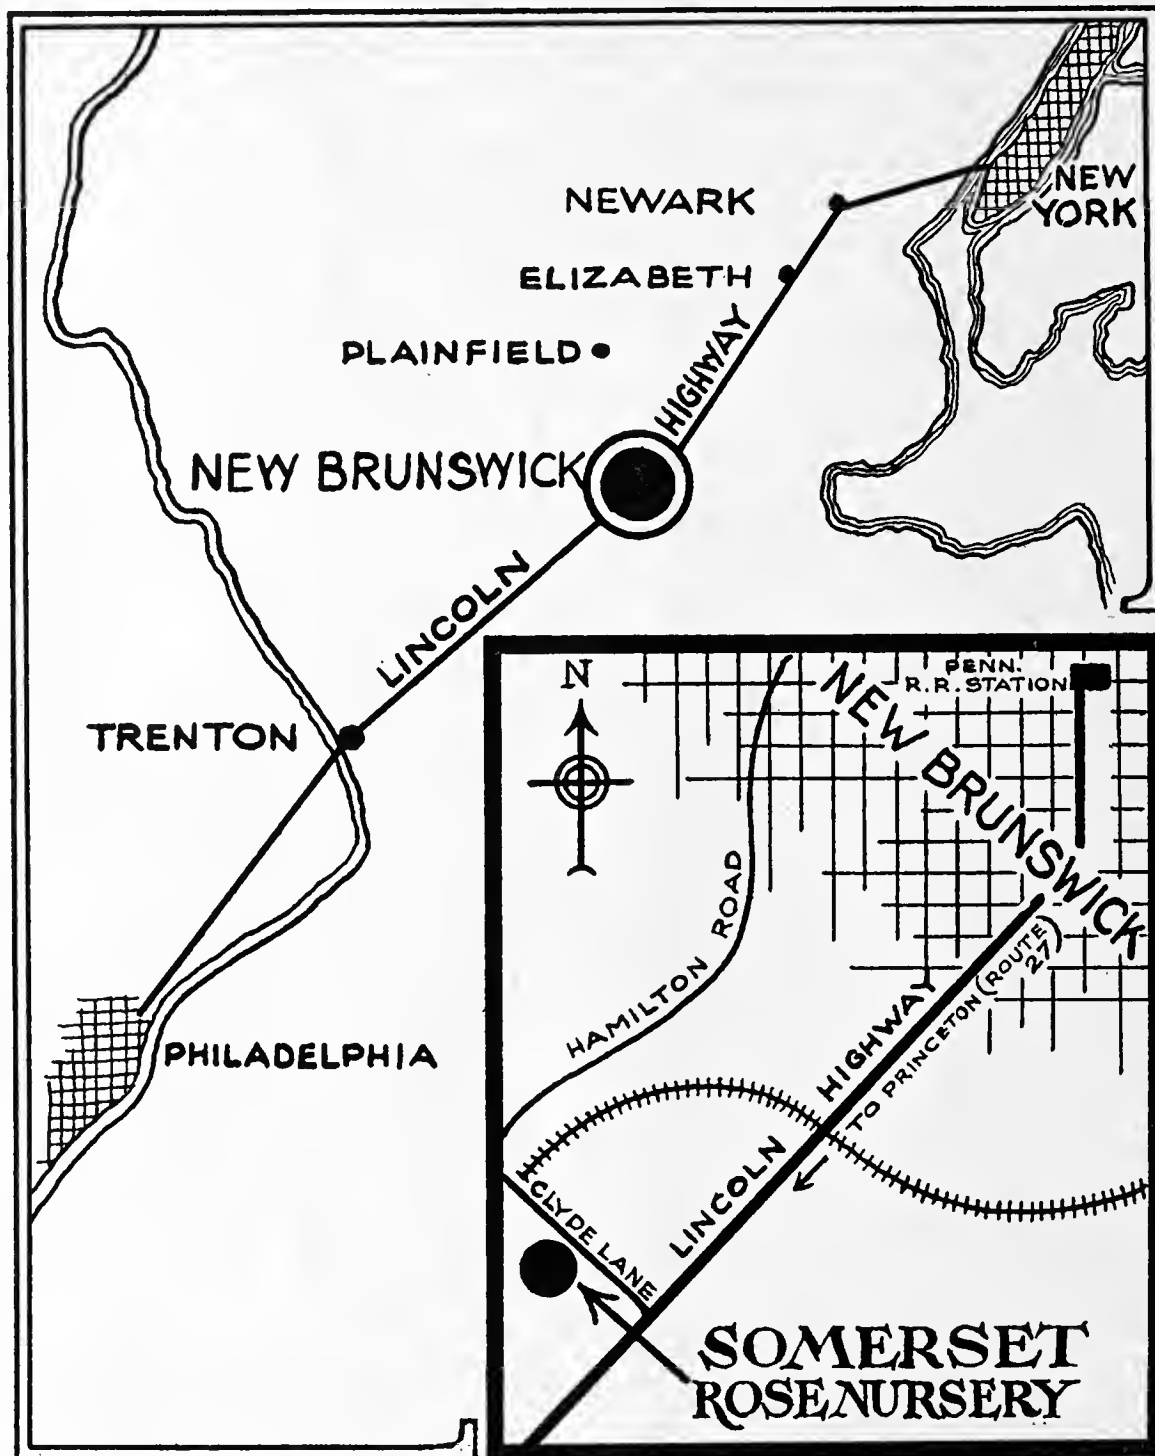

This list cancels all previous offers.

5% discount may be deducted for seed orders when cash is sent with order. All seeds are sent postpaid. Plants are offered net, F.O.B. our nursery, and shipping or delivery charges must be paid by the purchaser. To those of established credit we allow 2%—10 days, 60 days net. Interest will be charged on overdue accounts. We make no charge for packing or boxes when cash is sent with order. Claims for shortages, etc., must be made within 5 days of receipt of goods.

PATENTED PLANTS.—All patented plants are sold by us under License from the Patent owners, and it is understood and agreed to by the purchaser that they are for resale at retail only and at established retail prices. The asexual reproduction of patented plants is reserved by the Patentees, and is strictly prohibited under the provisions of the Plant Patent Act.

NON-WARRANTY.—We give no warranty, express or implied, as to quality, description or productiveness of any seeds, bulbs or plants we send out and will be in no way responsible for the crop.

HOW TO REACH OUR NURSERIES

Our Nurseries are located South of New Brunswick, just off the Lincoln Highway, and within easy-reaching distance by train or automobile of all towns in the Metropolitan District.
